In Arkansas Crisis

President Stresses Patience Necessary

NEWPORT, R. I. (AP)—President Eisenhower was quoted as saying today "patience is the important thing" in the government's efforts to resolve the school integration crisis in Little Rock, Ark.

The President's view was reported to newsmen by a Rhode Island Republican leader who conferred with Eisenhower shortly after the vacation White House announced the Justice Department will seek "some time this

Takes Action To Prevent More Revolts

HAVANA, Cuba (AP)—President Fulgencio Batista's government moved today against any revolt in the ranks of the armed services, the chief bulkwork of the Batista regime.

Sailors were jailed and army officers transferred. Loyalty checks were ordered for all military personnel.

Col. Roberto Comenar, the naval commander at Cienfuegos when 150 sailors joined rebels last week in a bloody revolt, was replaced.

He and his aide Cmdr. Sopo Barreto were ordered to appear before the navy general staff in Havana to explain the sailor insurrection.

The new Cienfuegos commander is Col. Arsenio Arrazola. The Cuban naval rank of colonel corresponds to captain of frigate.

Despite Batista's announcement that the military services are loyal to him, the government has sent troops to Matanzas because of fear of mutiny at the naval station there, a usually reliable source reported.

The army announced the transfer of 20 lower echelon officers to new posts, mostly in the Havana area.

A maritime police chief was fired because some of his men joined in the Cienfuegos revolt.

Cuba generally is calm, except for scattered bombings. Planes and navy ships are watching the coast for possible landings of rebels from Mexico.

The number of casualties in the Cienfuegos revolt is estimated at between 200 and 250.

No-Parking, Stop Signs Discussed

Traffic Commission Meets To Resume Its Activities

The Citizens Traffic Commission met Monday evening at City Hall after several months without activity and took an inventory on what has been accomplished in Sedalia since it first began making traffic recommendations to the City Council.

Many of the major items have been accomplished, it agreed, and others are in the process of being done. The fact that Sedalia is the only city in Missouri to have won not one, but two, awards from the National Safety Council was pointed out by Traffic Consultant Joseph Feuchter as evidence that the work of the commission has had results.

Cline Cain, commission chairman, asked for clarification of the meaning of the no-parking signs in front of schools, as related to the practice of parents waiting in their cars at the curb for their children to leave school. Feuchter referred to the city's new traffic ordinances and, with City Counselor William F. Brown nodding approval, explained that the ordinances clearly states that such waiting constitutes parking and is prohibited.

He said that if a child is waiting on the curb and gets into the car right away, it is considered standing for the purpose of loading, but if the car stays there for any longer period, it is considered parking and is a violation of the law.

Chief Edgar Neighbors was asked about the change on the schools' no-parking signs regarding the time—from "during school hours" to "between 8 and 4". He explained that the change was made to clarify the time and that the signs were not meant to apply to Saturdays, Sundays or holidays. It was recommended that additional markers be placed below the main sign to indicate that these days were exceptions.

There was lengthy discussion of the stop sign situation in Sedalia. Feuchter was asked to check on a few signs which are not supposed to be up because they are not

He Is Directed To Appear September 20

Marshal Encounters No Opposition As He Enters Mansion Gate

LITTLE ROCK, Ark. (AP)—The U. S. government today ordered Gov. Orval E. Faubus to appear in federal court Sept. 20 and the governor, standing on the lawn in front of his heavily guarded mansion, accepted the summons.

This was the government's critical legal move to open the doors of Central High School in Little Rock to Negro students.

The Sept. 20 hearing will be on the federal government's plea for a preliminary injunction against Faubus and two subordinates. It calls on them to stop interfering with a federal court order to enroll the Negroes in the high school.

At noon today, U. S. Marshal Beal Kidd drove up to the guarded gates in front of the governor's mansion.

He showed his credentials to an officer at the gate. "Come in, sir," the officer said.

As Kidd started along the curving gravel driveway to the front door of the mansion, Faubus suddenly emerged.

He came across the lawn toward Kidd and quietly accepted the summons.

With this quietly dramatic scene, the first great hurdle was passed toward solving the deadlock between Faubus and the federal government over the high school.

As late as Monday afternoon, Faubus told newsmen he did not know whether he would accept a summons. Nobody could say what course the U. S. could then take to reach him, in the mansion guarded by a cordon of soldiers.

Events moved swiftly today. In response to Federal Judge Ronald N. Davies order, Atty. Gen. Herbert Brownell asked the Federal District Court here to stop Faubus from interfering with the integration.

This is a legal formality. Davies then set the date for the hearing on the preliminary injunction and the U. S. marshal went out to serve official summons on the governor.

In Washington, meanwhile, Brownell said U. S. District Attorney Osro Cobb of Little Rock had been in contact with Faubus' legal advisers. Brownell said an arrangement had been made for the governor to accept summons.

During the next 10 days, the Arkansas National Guardsmen stationed in front of Central High School presumably will remain.

Faubus said yesterday "there has been no change" in the situation he contends forced him to put the soldiers there. He said he had evidence that violence would have broken out when the Negroes tried to enter the school Sept. 4.

Capital City Holds Special Vote Nov. 5

authorized by ordinance. These will be removed. Upon further questioning, he reported that, aside from the newly-established through streets, there are no points at the moment which require new stop signs.

Feuchter explained that the need is determined by the number of (Please turn to page 2, column 8)

Syria Calls Emergency Cabinet Meet

Report Purpose To Decide Course On 'US Aggression'

DAMASCUS, Syria (AP)—Syria's cabinet was summoned today to an urgent session today as the nation's press demanded nationwide mobilization to meet what it called the threat of U. S. aggression.

Official sources said the purpose of the session was to study what they described as "U. S. anti-Syrian provocations" and to decide Syria's course.

The meeting was called on the heels of a Syrian charge that five U. S. warships steamed close to the Syrian coast Sunday.

Foreign Minister Salah Bitar told Syrian newspapers this country "will not be terrorized by U. S. military demonstrations or any American war of nerves against us."

"Neither military demonstrations nor a U. S. war of nerves will make us deviate from our Arab liberation policy. On the contrary, these acts will certainly adhere to our policy and defend it," Bitar said.

The charge that U. S. warships approached the Syrian coast was made by a Syrian army spokesman. He added that unidentified jet fighters flew over the Syrian port of Latakia yesterday. He said Syria so far had made no protest to Washington.

In Washington, the Navy said none of its ships are operating close to the Syrian coast. A spokesman said the bulk of the U. S. 6th Fleet is in the Aegean Sea between Greece and Turkey—about 500 miles from the Syrian coast.

Governor's Mother Reported Improved

JEFFERSON CITY (AP)—Gov. James T. Blair said today his mother seemed slightly improved this morning.

Mrs. James T. Blair Sr., 75, suffered a heart attack at her home yesterday and was taken to St. Mary's Hospital. The governor said it would be several days before the seriousness of the seizure can be determined fully.

Moore, 42, was convicted of killing his wife, Opal Irene Moore, in Kansas City May 5, 1955 less than a year after he married her. Moore claimed he didn't know what happened but her children by a previous marriage testified he entered her bedroom, threatened her, then shot her with a shotgun.

A 16-year-old daughter saw the killing before she fled. Moore then turned the gun on himself and shot away part of his forehead but recovered.

He will be executed in the first few minutes of Friday morning in the gas chamber at the State Penitentiary.

Moisture Expected For Most of State

KANSAS CITY (AP)—Rain sprinkled northwest Missouri today and was expected to spread southeastward over all the state except the southeast tonight and tomorrow.

The Weather Bureau said it will be partly cloudy in the southeast through tomorrow.

The rainfall was light. Maximum temperatures in the past 24 hours generally were in the 70s.

Proper Label

This is what you call "maybe" weather. Maybe it'll rain and maybe it won't.

Mostly cloudy with a few scattered showers tonight and Wednesday; low tonight near 60; high Wednesday in mid-70s.

The temperature today was 58 at 7 a. m. and 82 at 1 p. m. The low Friday night was 56.

The temperature one year ago today, high 90, low 57; two years ago, high 91, low 65; and three years ago, high 83, low 51, with .01 inch of rain.

Five Queried In Explosion

Dynamite Blast Wrecks Integrated Nashville School

NASHVILLE, Tenn. (AP)—A massive dynamite blast wrecked a newly integrated half million dollar Hattie Cotton School here early today. Police arrested five men for questioning.

Three of the five were arrested when they refused to move from the vicinity of another school which, like the dynamited one, was among six where white and Negro first graders went to classes for the first time yesterday.

Officers said they found at the homes of the other two 50 feet of wire of the type used with the explosives which wrecked Hattie Cotton School.

The first three arrested were charged with unlawful possession of weapons and ordered held under bonds of \$25,000 each. They were booked as Vernon Albert Crimmons, 32; James R. Harris, 47, and J. B. Blackwell, 42.

The other two arrested, identified as Carol Crimmons, brother of Vernon, and W. D. Hodge, were charged with vagrancy and held under \$250 bonds each.

Hearing for the five men, all of whom live outside the city limits, was set for 2 p. m. tomorrow in city court.

Police said they found a dynamite detonating device, a heavily weighted billy club with KKK carved on the handle, two heavy wooden mallets and a length of wire of the type used in setting off explosives in the car used by the arrested trio.

The car itself, Muller said, was plastered with numerous KKK signs.

The three men were reported to have been seen Monday at all of the city grammar schools where there were segregation demonstrations, and had been seen at rallies held here by John Kasper, New Jersey-born segregationist.

City Building Inspector J. Douglas Roach said he found 65 per cent of Hattie Cotton building a total loss. He said further probing might show the other 35 per cent also unusable.

School board officials said the school was built with city funds. No federal money was involved.

An electric clock at the school stopped at 12:34 a. m. when the concussion blew it from a classroom wall.

Three Persons Killed South of Versailles

VERSAILLES, Mo. (AP)—Three persons were killed in a two-car collision that occurred while a young husband was rushing his wife, an expectant mother, to a hospital late yesterday.

Killed were William M. Small, 30, of Normal, Ill.; his wife, Dorothy, 29, and their daughter, Mary Lois, 2½.

Eddie Williams, 21, of Gravois Mills, Mo., and his wife, Deloris, 20, were injured in the other car. Williams was taking his wife to a Versailles clinic to have her baby when the crash occurred three miles south of here on a winding road.

Mrs. Williams suffered rib fractures and shock. She was taken to St. Mary's Hospital at Jefferson City.

Eight Airman Gets Term For Payroll Swindle in Air Force

SHAW AIR FORCE BASE, S. C. (AP)—A general court-martial sentenced Airman 1. C. Glenn E. King, 25, of Jackson, Mo., to a dishonorable discharge and 6½ years at hard labor for his part in a payroll swindle.

King was the eighth airman to be tried in the case. He was accused in several larceny specifications of accepting \$2,472 in illegal payments from the base finance office.

ST. LOUIS (AP)—The Missouri State Labor Council was considering today a proposed resolution condemning President Eisenhower for his veto of a bill which would have given postal workers pay increases.

Introduction of the resolution followed a speech by John W. Livingston of Washington, director of organization for the AFL-CIO, who was critical of the President's action.

"The President said he vetoed the bill because it would be inflationary," Livingston said. "I haven't heard him say anything about the inflationary tendency of the price of steel going up \$6 a ton, or about the value of steel stocks increasing seven times their original value in the last 10 years."

Stephen Millet of Jefferson City, chairman of the Industrial Commission of Missouri, discussed the prevailing wage law passed by the last Missouri Legislature.

Millet said his office would need help in seeing that the law is enforced. The commission has started a study to determine prevailing wages outside, he said, and prevailing wages will be established have to organize outside, if your minimum wage scales are to be the prevailing wage," he said.

The council will vote today or tomorrow on a plan to step up its political activities.

NFO Has Accepted Two Resignations

CORNING, Iowa (AP)—The National Farmers' Organization has accepted the resignations of two officers who said they quit because they were bypassed when the NFO accepted financial aid from the United Auto Workers Union.

The two are Bill Barnes, 38, Lamoni, Iowa, national secretary, and Clifford Houck, 46, Corning, national treasurer.

At a meeting last night, the NFO board accepted the resignations and also unanimously accepted financial assistance offered by the Auto Workers Union.

Reds Notified Of US Intent To Meet Force

WASHINGTON (AP)—Russia and Syria had notice today that the United States still is willing and able to meet force with force.

Determination to use American power if it becomes necessary was proclaimed in a major speech yesterday by the State Department's third-ranking official, Deputy Undersecretary Robert Murphy. He addressed the annual conference of U.S. mayors in New York City.

Murphy said: "It is...unwise to underestimate the industrial and military power of our country, and to misinterpret our determination."

Officials said Murphy's speech was deliberately made to set the record straight so there would be no Communist miscalculation that the Middle East is a "weak spot," as Murphy put it, and ripe for plucking without American resistance.

Three factors figured in the timing, officials said. They were (1) failure to reach agreement with Russia at the London disarmament talks; (2) the Soviet Union's boastful announcement of two weeks ago that it had successfully launched an intercontinental missile, coupled with more recent statements from Moscow that Russia could beat America in any nuclear war; and (3) stepped-up Communist penetration of the Middle East through power seizure and arms buildups in Syria.

American officials noted that Russia followed its missile announcement with a publicity campaign aimed at picturing America as a military weakening.

William Ward Speaks at Meet Of Rotary Club

William Ward of the Schenck Truck Lines gave an interesting talk before the Rotary Club Monday night at the Hotel on the subject of "Transportation." The speaker told of motor carrier transportation, how it operates similar to a public utility regulated by the Interstate Commerce Commission and Public Service Commission of Missouri.

Ward was introduced by William Harbaugh, program chairman. The meeting was presided over by Dr. C. Gordon Stauffacher, president, and invocation was by the Rev. R. M. Lehigh. The Rev. D. Warren Neal was song leader, with Miss Lillian Fox at the piano.

Visitors presented by J. O. Miller were: Stanley and Tony Walsh, sons of Harry Walsh; C. H. Walsh, Springfield, brother of Harry Walsh; and Gene Bartia, Clinton, guest of O. W. Wiley.

Roving Rotarians were: Ray Lippard, Warrensburg; Bill Hopkins, Brookfield; Frank Bryant, Wichita.

The next meeting will be the official visit of Governor L. F. P. (Pat) Currey, governor of the district.

Calls on UN For Action In Hungary

UNITED NATIONS, N. Y. (AP)—U. S. Delegate Henry Cabot Lodge today called on a special session of the U. N. General Assembly to act with all speed to end "the present grim course of events" in communist-controlled Hungary.

"The people of Hungary are being shot and imprisoned and maltreated now," Lodge told the 81-nation assembly. "Their sufferings are actual and acute and demand from one day to the next to be relieved."

Lodge spoke after the Hungarian delegation sought unsuccessfully to have the assembly drop the problem.

Australia's Keith C. O. Shann, reporter of the Assembly's special committee of inquiry, opened the session by presenting the committee's 150,000-word report indicting the Soviet Union and the regime of Premier Janos Kadar for suppressing the uprising of last fall.

Shann declared there can be no doubt that the Hungarian people want freedom and that they are being subjected to brutal repression.

Lodge said the concern of the United States is that the Assembly take action.

"It is not enough to accept the truth if we are too tired or too preoccupied or too timid to act upon it," he declared. "We must indeed make further efforts."

The U. S. delegate told the Assembly it must rely mainly upon the hope that the Soviet Union will change its attitude and "act in harmony with the conscience of the world."

"The greatest danger we face," he said, "is that we will give in to despair. We know what is right. Although there is considerable physical power behind the thing which is wrong, those who wield that power are human beings who can be brought to change their minds."

Lodge urged the Assembly to approve a resolution, supported by the United States and 35 other countries, placing the problem in the hands of a prominent world figure with broad authority to seek a solution.

The resolution also included a new condemnation of the Soviet Union and the Kadar regime and urged them to "desist from repressive measures against the Hungarian people."

Lodge said many delegations felt that "the chance of progress could be increased if the General Assembly were to appoint a special representative of outstanding eminence to pursue the objectives of the General Assembly on the Hungarian question."

The proposal specifically named Prince Wan Waihayakon, foreign minister of Thailand and president of the General Assembly, as the special representative.

"His great standing as a world figure, his wisdom and skill as a diplomatist, and his deep devotion to the principles and purposes of the United Nations qualify him eminently for such a task as we have in mind," Lodge said.

Prince Wan would be given the authority "to take such steps as he deems appropriate."

15-Year-Old Gets Death for Murder Of Elderly Druggist

PHILADELPHIA (AP)—Isaiah (Duce) Green Jr., 15, denounced with his two companions as "young savages," was sentenced to death yesterday for the holdup murder of an elderly druggist.

Green, the youngest killer in Pennsylvania's history to be given the death penalty, collapsed as his sentence was pronounced by Judge Byron A. Miller. Green was carried from the courtroom.

Green and two companions, also teen-agers, pleaded guilty to the murder of Jacob Wallfield, 75, in the latter's drugstore during an attempted holdup last July. Green admitted firing the shotgun.

The other two, Edwin (Heavy) Walker, 14, and James (Smiley) Crowson, 15, were sentenced to life imprisonment.

All three are Negroes.

Ban on Wife Testifying Is Relaxed

JEFFERSON CITY (AP)—The old common law ban against a wife testifying in a criminal case involving her husband was bent a little more here yesterday.

The Missouri Supreme Court upheld the six-month sentence of Eugene Ray Kollenborn, convicted on his wife's testimony of mistreating their infant daughter. The court said Mrs. Kollenborn should be allowed to testify because she was the only other person present when the alleged mistreatment took place.

"It is, in our opinion, contrary to all principles of morality and justice to close the mouth of the only witness in such a (criminal) case as the present," the court said in a decision written by Judge Henry I. Eager.

"What is not good sense should not be the law," the opinion said. Under common law, no one can testify either for or against his spouse.

But in the middle of the 19th century the first relaxation was noted in Missouri. In a court decision then it was held that if one spouse is the victim of a criminal action by the other, and they were the only ones present, the injured person had a right to testify.

Yesterday's decision would extend that voluntary testimony if an infant, unable to testify for himself, was the victim.

The Kollenborns were living in Carthage in November, 1951. Mrs. Kollenborn testified that she awakened to the child's screams and saw her husband bending over the crib. Later medical examination of the child showed it suffered two broken ankles and a dislocated arm. Kollenborn admitted he shook the child "pretty rough."

Nurse Homes Get License From Blair

JEFFERSON CITY (AP)—The first nursing homes to meet the standards of a new Missouri law received their licenses in a ceremony in Gov. James T. Blair's office today.

The governor had urged passage of a new licensing law with rigid health and safety standards after the disastrous nursing home fire at Warrenton last February that took 72 lives.

Three professional nursing homes, two practical nursing homes and two domiciliary homes got their licenses today, certifying that they have met the new standards of the state division of health. Others will be licensed later as they make improvements recommended by state inspectors.

The professional nursing homes licensed are Swope-Ridge Nursing Home of Kansas City, operated by Mr. and Mrs. Albert G. Incani for 20 residents; St. Joseph's Hill Infirmary of Eureka, operated by the Franciscan Missionary Brothers of the Sacred Heart of Jesus for 125 residents, the Mountain View Convalescent Home, Inc., of Festus, operated by Mr. and Mrs. James Lewis for 94 residents.

The practical nursing homes are Tate Nursing Home of Nevada, operated by Mrs. Ruby Tate for 28 residents, and Reed Nursing Home of Shelbyville, operated by Mrs. Oma Reed for seven residents.

The Domiciliary homes are the Hartley Rest Home of Eldorado Springs, operated by Mrs. Neva Hartley for 12 residents, and the Shelby Rest Home of Moberly, operated by Miss Rosebud Shelby for seven residents.

Police Miss Mark By a Mile, Woman Dismissed on Charge

HIGHTSTOWN, N. J. (AP)—Police missed by a mile in ticketing Miss Winifred Ann Zebley for speeding.

Judge Samuel Bard last night dismissed the ticket against her saying police hadn't proved that she was driving 36 miles an hour in a 35-mile zone.

Barl dismissed the charge after a two-hour trial before a packed courtroom.

Prosecution witness Dixon Blanchard of the Trenton Speedometer Co., testified the timer could have a variance of two miles an hour when he was cross-examined by two lawyers supplied by the Keystone Automobile Club of Pennsylvania.

"Slightly ridiculous," said Miss Zebley.

High school girl redecorates her room in pink and white. Old vanity gets new fringe-trimmed skirt, marbled top of self-adhesive plastic. Spray paint converts mirror in gold, table in white. Spread and vanity skirt are lintless and washable.

Daughter Would Love Your Help in Redecorating Room

By KAY SHERWOOD
NEA Staff Writer

If your growing daughter's room is not the example of shining order and femininity it might be, encourage her to apply some of her high-school home economics lessons to transforming it.

It's good practice for a future homemaker to plan a color scheme, shop for furnishings within a predetermined budget and do at least some of the painting and sewing that may be necessary.

To get her started, you may need to offer suggestions for specific color schemes, for finished effects that will look pretty but not take forever to complete nor be too elaborate for simple care. Here are some concrete suggestions that sparked the attention of high school girls I know.

Because the bedspread is the largest item in the room, it often sets the color scheme. The variety of lovely, inexpensive, ready-made bedspreads is immense.

In an "example" room we did, we settled on a feminine pink-and-white color scheme. From the array of new spreads we picked a tufted pink-and-white check with a slender silver thread brightening its surface. White cotton fringe trims the hemline.

It's washable, of course, and fluff-dries without ironing. The snowy white tufts are of crimped rayon, which doesn't lint or mat.

Matching cafe curtains for the window were ensemble with the new skirt for an old vanity, made from an extra pair of the curtains. In the case, several inches were clipped from the curtain to make it the right height for the vanity. The skirt, threaded onto a flexible curtain rod attached to the vanity top, is trimmed across the top with a strip of white cotton fringe.

From the scraps, it's easy to fashion a simple drawstring bag—a wide tube of fabric stitched to a circular base with a heading at the top for a cord—to serve as a decorative laundry bag for lingerie.

The top of our vanity is stained and scratched. But this can't be seen under its pretty new pink-and-white marbled covering of self-adhesive plastic.

Paint is one of the most useful disguisers of age and wear in old furniture, and it's considerably easier to work with than strippers and refinishers. I don't suggest slapping a coat of paint on a fine old piece. But the still-serviceable, not-so-fine and somewhat battered table or chest can be freshened and brought into the color scheme with paint.

Where there are moldings, carvings or irregular surfaces, paint in spray cans gives a professional-looking finish, a second-hand mahogany-stained end table, spray-painted white, was an easy and inexpensive answer for a bedside table.

Other candidates for the paint spray besides furniture are framed mirrors, picture frames and lamp bases. If a vanity mirror needs touching up, mask the mirrored surface and spray on white, gold or the desired color.

Not much floor shows in a small room, so a dash of vivid color in a small rug can be used to lend sparkle to the setting. In our "example" room, we added an oval crimped-rayon scatter rug in a clear raspberry shade. Such rayon scatter rugs range the spectrum, coupling a luxurious pile with a modest price tag.

CONSTIPATED?

New laxative discovery un-locks bowel blocks without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it to action; to a normal urge to purge.

And, of all laxatives, only COLONOID, the amazing new laxative discovery possesses COLONOID's great moisturizing capacity, plus COLONOID's stretch-stimulating bulk. So effective it relieves even chronic constipation overnight, COLONOID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONOID neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your body! And COLONOID exercises your colon to tone it against constipation, overnight! Get COLONOID in easy-to-take tablet form at any drug counter, today! Only 98¢ for the 60 tablet package, brings positive relief at less than 2¢ per tablet.

Debunking Spinacia Oleracea

Almost every generation sees some tradition debunked. One of the most devastating of such occurrences comes in 1957 and relates to spinach. Youngsters will hail the news with delight and so will fathers, especially those who reared large families to maturity and went along as a parental example with mother's insistence at meal times all these years to "eat your spinach!"

According to a recent issue of The Courier, official publication of the United Nations Educational, Scientific, and Cultural organization, "as an energy producer for human beings spinach is inferior to hay. The little protein it contains is very hard to digest; it contains no starch, sugar, or fat (unless the fat has been added). A man would starve to death very promptly unless he ate about 30 pounds a day."

The article further pointed out that since spinach contains a rather large amount of oxalic acid which has the property of combining with lime, spinach can "actually take out of the body some of the calcium already present, and should not therefore, be given to a child."

Now, at 60, we should find this out!

And after we've already been enticed into setting an example at table for 11 grandchildren, too, on occasion of family dinners.

What is this stuff called spinach?

According to the Encyclopedia Britannica it is a potherb of southwestern Asia, probably of Persian origin, introduced into Europe in the 15th century, and long cultivated for its succulent leaves. It should be "grown on good ground, well worked and well manured."

That does it!

On authority of the United Nations, grandfathers and fathers everywhere have the peg on which to hang their refusal to eat any more spinach. Hereafter they will leave grandmothers and mothers to their own devices regarding theories of spinach discipline for the children.

So don't pass the spinach to grandpas. They're broad enough in the middle now without eating 30 pounds of the stuff a day to keep from starving to death.

And anyway grandpa needs all the calcium he's got without taking a chance on spinach soaking it up.

Whoopee, no more spinacia oleracea for grandpa!

Federal Judge Moves Toward Showdown

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Federal Judge Ronald N. Davies, representing the power of the federal government in dealing with states, has met the challenge of Gov. Orval Faubus of Arkansas by moving toward a showdown.

Although Davies—in accordance with the Supreme Court's ban on public school segregation—had ordered Little Rock's Central High integrated, Faubus used the state's National Guard to keep Negro children out of the school.

Faubus said he wasn't defying the judge but just trying to prevent disorder and bloodshed. He said a majority of the people of Little Rock opposed integration.

Twice again last week, after the troops kept the Negroes out, Davies ordered integration to proceed. But Faubus held the guard around the school.

No matter what Faubus' stated purpose was, the net effect of his use of the troops was to interfere with the school. If Faubus could do this with impunity, all other Southern governors could do likewise.

And, if they did, the Supreme Court's ban on segregation would have no meaning. But that court's decision has the force of federal law. If state governors could nullify federal law, there would be a crisis in government.

Looking Backward...

TWENTY-FIVE YEARS AGO

Wayne Kendall, Bloomington, Ind., was announced as new manager for the Public Loan Corp., 108 East Fifth, to succeed G. A. Biedermann, who was transferred to management of one of the company's offices in the metropolitan district of St. Louis.

Miss Florence Shaw, accompanied by Miss Ruth Boger and Dr. Everett Shaw, left for Shepherdstown, W. Va., where Miss Shaw was to teach in Peabody College. Those accompanying her were to visit various places of interest in the east and south.

Thirty-five carloads of livestock were shipped by Central Missouri Stockyards from Sedalia during the week, which included 12 cars one day, Tuesday, Sept. 6.

Pettis County received an allotment of \$30,006.85 for its public schools from the state according to E. M. Shields, county treasurer. Next allotment was to be the following March.

Forty years ago Miss Mary Hopkins, society editor of the Democrat, was making a visit with friends in St. Louis.

In a collision of a Ford automobile at 13th and Ohio with a streetcar of the City Light and Traction Co., A. G. Davis in the automobile was slightly injured. A front wheel of the motorcar was knocked off. Others in the auto were G. B. Arnold, and W. J. Jeffries.

By a score of 4 to 3 the Sedalia Cubs Sunday defeated the Kansas City Schmelzers in one of the best games of the season at Liberty Park. Rustenhaven and Delph formed Sedalia's battery.

T. O. Stanley, county highway engineer, was making an extended visit at Great Falls, Mont.

Yesterday Davies directed the U.S. attorney general and the U.S. attorney at Little Rock to prepare injunction proceedings against Faubus and commanding officers of the Guard to stop their interference with school integration.

Ordinarily, this is the procedure:

1. The attorney general, acting in the public interest as the judge sees it, lays down reasons why a temporary injunction or restraining order should be issued.

The judge can, if he chooses, grant the injunction or order without a hearing. They are similar, but sometimes both the restraining order and the temporary injunction are used as separate steps.

2. Then—usually within 10 days—he issues an order to the one against whom the temporary injunction has been granted to show cause why a permanent injunction shouldn't be issued against him.

3. This show-cause order is delivered by a U.S. marshal.

4. Then the person given the show-cause order can appear before the judge to present his side of the case, fully and in open court, to argue against both the temporary and permanent injunctions.

5. The judge, hearing both sides, then decides whether to issue a permanent injunction.

But this is where the story becomes complex and unpredictable.

Take it step by step. Davies can issue a temporary injunction, ordering Faubus not to use the troops to keep the Negroes out of school. If Faubus obeys, he is next served with the show-cause order by a U.S. marshal.

(If he should use troops around

his mansion to keep the marshal out, and refuse to present his side of the case, the judge still could issue the permanent injunction without him.)

But suppose Faubus doesn't want to obey the temporary injunction. He can go over Davies' head to the U.S. Court of Appeals, asking it to stay Davies' temporary injunction. If he wins, the situation is back where it started before Davies issued the temporary injunction.

But suppose he tries the appellate court and loses — or just doesn't bother going there — and, disobeying Davies' temporary injunction, still holds troops around the school to keep the Negroes out.

What then? Davies could cite him for contempt for ignoring or disobeying the temporary injunction. Then he could try Faubus for civil contempt and clap him in jail until he obeyed or try him for criminal contempt and give him a flat jail sentence for disobedience.

But that raises a question: Suppose Faubus ignored the temporary injunction by keeping troops around the school and then refused to go or let himself be taken to court to face trial on contempt charges.

The judge could try and sentence him in absentia. But how could the sentence be carried out if Faubus kept himself surrounded by guardsmen? The Eisenhower administration would have to worry about that one.

The judge has no force, except for U.S. marshals, to bring anyone to court. But Eisenhower has said he would uphold the Constitution, which includes doing what is necessary to carry out the Supreme Court's ban on public school segregation.

One Type Irregular Heart Beat Often Not Serious

By EDWIN P. JORDAN, M.D.

There are several varieties of irregular heart beat, but people write me about one of these more than any other.

Q—Please say something about the cause and cure of paroxysmal tachycardia.—L.R.

A—This is a rapid regular beating of the heart which comes on at intervals. It may last for only a few beats or for several days. Sometimes it appears only once, but more frequently it recurs at irregular intervals. Paroxysmal tachycardia is often present without any sign of serious heart disease. Its original cause is obscure. However, an attack may be brought on by excessive smoking, alcoholic drinks, digestive upsets, acute infections and other circumstances. Or an attack may come without any apparent precipitating factor. It is desirable, if possible, to be examined at the time of an attack so that paroxysmal tachycardia can be differentiated from other irregularities of the heart. The treatment is aimed at stopping an attack and recurrences. The outlook in general is favorable.

Q—Can you tell me why I am getting a charleyhorse in my legs? I am 69 and can walk without difficulty. Last week while sitting down to change my shoes I got a painful charleyhorse in my left calf. It was hard as a rock and the pain brought tears to my eyes.—Mrs. F. M.

A—A charleyhorse is injury to a muscle, usually a particular mus-

cle of the leg. It usually results in a blood clot. Mrs. M.'s description suggests that she does not have a charleyhorse, but rather some kind of muscular cramp. The treatment for these depends on what seems to be the underlying cause, such as poor circulation or change in the blood chemistry.

Q—Please give some information about bad breath. What are the possible causes? Could it be a sign of cancer?—Mrs. H. B.

A—Bad breath is most unlikely to be a sign of cancer. There are many possible causes including disorders in the mouth itself, retained food particles around the teeth, smoking, alcohol and so on. Sometimes the cause of halitosis seems peculiarly difficult to identify.

Elephant Gets Wiggle On Spurred by Wisconsin Loss

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—Stung by defeat in the Wisconsin senatorial race, Republican headquarters here is ordering full steam ahead on the 1958 midterm congressional elections.

In this sense, Democratic Sen. William Proxmire's victory over ex-Gov. Walter Kohler may have been a good thing for the GOP.

The Washington angle is that the Republicans' defeat was their own fault—too much smugness.

Governor Kohler kept insisting he didn't need and didn't want outside help. He thought "carpet baggers" — GOP politicians from other states coming in to help him — would be resented.

All this complacency cost the Republicans was possible control of the Senate. So now they have to pick up the pieces and see what they can salvage for next year.

A letter from National Chairman Meade Alcorn went out to all Republican state organizations over Labor Day weekend urging them to set dates for statewide conferences.

These will be follow-ups to the GOP regional conferences earlier this year. The plan is to follow the state conferences with district and county meetings next spring.

Another type of GOP rally which 24 states have planned to put on will be "neighbor-to-neighbor" campaigns. They are scheduled to begin Oct. 1 and end Oct. 14, which will be the date of President Eisenhower's 67th birthday party.

There's a fourfold purpose in these house-to-house canvasses.

First is to find the novoters in each household. Second is to register them. Third is to leave them information on the GOP. Fourth is to get a \$1 to \$5 donation.

New Jersey tried this fund raising technique in a couple of counties last year and raised \$80,000 in \$1 and \$2 contributions.

Chairman Alcorn used the other purposes effectively in his home Hartford County, Conn., organization.

The earlier GOP regional conferences registered considerable enthusiasm for this neighbor-to-neighbor idea. If the trial run works well now, the plan is to conduct similar canvasses in all 48 states next year.

Yes, all 48 states. The Republicans are still optimistic about picking up more strength in the South.

Thinking It Over

By Robert L. Diefenbacher, D.D.

The weather pattern seems to change periodically. Sometimes it varies in strange ways. The last few months have shown a great deal of fluctuation.

Last fall there were no hurricanes in New England. This past spring many of the drought areas were flooded. In the early summer tornadoes ravaged many locations. Even our scientific prediction of weather has not been as reliable as we think it should be.

God alone knows what the weather will be. He alone is able to predict man's actions and reactions. Man is as unpredictable as the weather yet man can become more consistent if he turns to God for help, forgiveness and example.

Men do have freedom of will and freedom to sin. But man is made after God's image and he can follow a predictable pattern with God's higher companionship.

They think the new civil rights bill will be of considerable help. They think it will help most in the industrial North and the West.

Any idea that conservative Democrats will vote for Republican congressmen is completely discounted. It is even admitted that some conservative southern Republicans might bolt the GOP because of the civil rights legislation.

Republican gains in states like South Carolina, Georgia, Alabama and Mississippi aren't counted on in this generation. But in states like Texas, Tennessee, Kentucky, Florida and a few districts in North Carolina, Chairman Alcorn says there is a chance to elect Republicans.

Mail from Negro districts is reported excellent, because of stalwart GOP support for civil rights legislation.

Otherwise, the record of the Democrat-controlled 85th Congress is taken by the Republicans as clear proof of the need for having a GOP Congress serve with a GOP President.

In the Republican-controlled 83rd Congress, 80 per cent of President Eisenhower's recommendations were adopted.

In the Democrat-controlled 84th Congress, only 46 per cent of the President's program got through.

The final score on the 85th Congress, now being compiled, is expected to be much lower.

Chairman Alcorn blasts the 85th for "irresponsibility." He quotes a study made by Vice President Nixon. This shows that in the first six months of 1957, nonmilitary spending bills introduced by Democratic congressmen would have increased the budget by 25.6 billion dollars.

IN ALL THE confusion of getting married, a bridegroom took time to do a good deed on his wedding day.

The wedding had just taken place at LaMonte and a neighbor woman, returning from a trip to Sedalia, heard a peculiar noise near the engine of her car and raised the hood. At first she couldn't find what was wrong and then she saw, just under the fan, a small cocker puppy. Not knowing what to do nor how to get it out, the woman called for help and it came—in the form of an entire wedding party — bride, groom, best man, ushers and bridesmaids in all of their bridal finery.

Just how the pup got in there puzzled the entire group but not any more than how to get him out. There was a great deal of speculation. Everybody had ideas and suggestions, none of them workable. Then the bridegroom, disregarding his wedding clothes, crawled under the car, removed the front pan and rescued the panting, scared little puppy.

How long he had been there nobody knew, but it is believed that he had made two trips to Sedalia and back under the fan before he was discovered. How he managed to get there they don't know either, but he must have gotten up under the car some way and wiggled in where he couldn't wiggle out. But he came out without any ill effects except a small burn, and the wedding party went gaily on their way.—H.L.

Jupiter May Be Turned to Air Force

(Editor's Note: While Drew Pearson is touring the Mediterranean, his column is being written by his junior partner.)

By JACK ANDERSON

WASHINGTON—The Defense Department may soon settle the bitter Army-Air Force missile feud by accepting the Army-developed Jupiter but turning it over to the Air Force to operate. This solution has been urged by the Army Ballistic Missile Agency which built the 1,500-mile Jupiter.

A formal announcement is expected by October from the special evaluation board which has been comparing the rival intermediate ballistic missiles.

Biggest hitch is what to do with the Air Force's Thor which Douglas Aircraft Company has already toolled up to produce. Secretary of Defense Wilson is worried how he'll explain to Congress why he authorized Douglas to install the expensive machinery, then changed his mind about producing the Thor.

Wilson would still like to take the best features from both missiles and combine them into one, over-all missile. Experts have warned, however, this would delay the program at least a year.

Thor Has Fins

Both the Jupiter and the Thor already use the same power plant, developed by the Air Force. The hulls are similar in design, except that the Thor has fins and the Jupiter does not. In guidance, the Jupiter is considered superior. It would be impossible to plug the Jupiter's guidance system into the Thor's controls, missilemen say, without lengthy new tests.

At least six Jupiters have been fired successfully, whereas all the Thor's tests have failed. The latest experimental Thor reached an altitude of 96,000 feet, then the motor broke loose.

Chrysler claims it can start mass-producing the Jupiter in four months. With Soviet missiles threatening on the other side of the Arctic, the evaluation board is in a hurry to settle the Jupiter-Thor controversy.

Washington Whispers

Fellow officers openly sympathized with Col. John Nickerson who was court-martialed for giving away secrets in a memo criticizing Secretary of Defense Wilson's missile policies. Yet only three officers showed up for a going-away party that Attorney Robert Bell threw for Nickerson when he was banished to the Panama Canal Zone. Reason: Maj. Gen. John Medaris, Nickerson's commanding officer, ordered officers not to attend.

Rep. Jack Shelley (D., Calif.), the Teamster congressman, will open his fight in Seattle today for the Teamsters' presidency. If Shelley can line up the Western Conference behind him, he'll challenge strongman Jimmy Hoffa at the Teamsters' convention in Miami later this month. . . . Frank Brewster, the Teamsters' western chief, has no love for Hoffa, may end up backing Shelley.

ST. LOUIS POST-DISPATCH: Whortleberries And Gibberellin. This philosophy of whatever is the biggest is the best seems to be getting out of hand. It is all right when applied to circuses and anything in Texas, but now you have the Department of Agriculture chemists and plant researchers hailing the wonders of gibberellin, a new chemical which greatly increases the size of fruits and vegetables.

It has produced 12-foot-high cabbages, tomatoes the size of footballs and pole beans from dwarf bush beans. The Department of Agriculture comments, "We think there is a lot of research to do yet." So do we. Most of the fruits and vegetables are all right just as they now are. There should be some research to see just what would happen if fields of asparagus were to shoot up like palm trees, pumpkins and watermelons tipped the scales at 500 pounds, and the Hubbard squash resembled a Komodo lizard. . . .

The innocent whortleberry would become a gelatinous globule that would be as dangerous to attempt to carry home from the store as a small time bomb. . . .

And what about onions and corn? If gibberellin is to quadruple them in size that will present two real problems. How is anyone going to be able to peel such a large and powerful onion? And what would become of that good old sport of eating corn on the cob?

Legion Holds Executive Meeting Here

At a recent meeting of the executive board of the Seventh District, American Legion Auxiliary, held at the Old Missouri Homestead, the appointing of chairmen of district committees was the prior order of business.

Mrs. E. G. Lewis, Sedalia, will head the Americanism committee; child welfare, Mrs. Mary Jones, Cole Camp; Girl's State, Mrs. Julia Noel, Sweet Springs; rehabilitation, Mrs. Mildred Mayta, Higginsville; music, Mrs. Imogene McKinney, Wellington; finances, Mrs. Ruth Raney, Higginsville; county government, Mrs. Lena Harrison, Marshall; civil defense, Mrs. Emma Tolson, Houstonia; community service, Mrs. Louise Strodman, Fayette; Pan-America, Mrs. Velma Proctor, Waverly; past president's parley, Mrs. Lena Harrison, Marshall; poppy sales, Mrs. Lou Brown, Odessa; constitution and by-laws, Mrs. Marjorie Curtis, Houstonia; junior activities, Mrs. Dora Mae Lee, Higginsville; legislation, Mrs. Arlene Schlesselman, Cole Camp; publicity, Mrs. Roy R. Conn, Sedalia.

Mrs. Henry Peal, Odessa, president of the Seventh District, brought the American Legion Auxiliary Conference to the attention of the group and all board members were urged to attend. It is to be held in Jefferson City on Nov. 16-17.

During the consideration of trophies and awards, it was decided to offer a \$3 cash award for the best paper on Pan-American relations, presented at a unit meeting. A \$3 cash award was also offered to the unit sponsoring the most outstanding community service project. The traveling gavel bell will continue to go to the unit showing the largest gain in membership at each district meeting. A consolation prize will be given the unit showing gain in membership in percentage. There will be three classes of poppy poster entries, with cash prizes of \$3, \$2 and \$1 awarded in each of the three classes for the best poster for promotion of poppy sales.

It was voted to adopt and promote the project of the district president, a rehabilitation program for psychopathic patients in hospitals in the area with tickets furnished to musical or philharmonic programs as specified in their treatment schedule.

Those present at the executive board dinner meeting were: Mrs. Peal; Mrs. Ralph Pauley, Houstonia, vice-president; Mrs. H. M. Raney, Higginsville, treasurer; Mrs. Minnie Oliver, Higginsville, secretary; Mrs. Richard Harrison, Marshall, junior past president; Mrs. James Mayfield, Marshall, chaplain; Mrs. Sam Tuck, Houstonia, sergeant-at-arms; and Mrs. Linden Lee Jones, Sedalia, historian.

Governor Is Prisoner Within His Own State

SANTA FE, N.M. — Bipartisan control in the New Mexico statehouse has made Republican Gov. Edwin L. Mechem a captive within his state's borders. The other figure in this political drama is Secretary of State Natalie Smith Buck, a Democrat. Since Lt. Gov. Joseph M. Montoya was elected to Congress last April, Mrs. Buck becomes acting governor when Mechem leaves the state.

She has said that if she were acting governor she would not hesitate to make an appointment to fill any vacancy which might arise in major state jobs.

Suddenly there has become evident a marked disposition on the part of the governor to stay within the confines of New Mexico.

Magazine Libel Trial Starts Sixth Week

LOS ANGELES — The trial of Confidential and Whisper magazines, interrupted by illness of a juror, enters its sixth week today.

The trial was recessed Friday morning when Mrs. Marilyn Faber became ill in the jury box. There was no session yesterday because of the California admission day holiday.

Dep. Dist. Atty. William L. Ritz was scheduled to continue his argument to the jury at today's session. The case is expected to go to the jury early next week. The charge is conspiracy to commit criminal libel.

Truck Driver Takes Gun From Would-Be Robber in Diner

PHILADELPHIA — Charles Menkins, a truck driver from nearby Phoenixville, was having a last cup of coffee in a suburban diner yesterday when a newcomer flashed a pistol and said it was a holdup.

Menkins put down his cup and advanced slowly toward the gunman while six other customers looked on, fascinated.

Face to face, Menkins, speaking as if to a child, said quietly: "Look, sonny, that's too big a gun for you to carry."

Menkins took the pistol. The gunman, startled and seemingly on the point of tears, bolted and made off in a car.

Later, based on an identification by one of the men in the diner, police arrested John E. King Jr. of East Whiteland Township and charged him with violating the Firearms Act and violation of parole.

King is 31, Menkins 26.

Right Answer, Maybe

PHILADELPHIA — It is routine at the Bellevue-Stratford, just as it is at all hotels, for guests to fill in registration cards, giving full name, address and company affiliation.

Just the other day a visitor from Cleveland dutifully set down his name and address. When it came to filling in the line about his company, he wrote a single word—"wife."

Red Polish Leaders Meet Tito for Talks

BELGRADE — Poland's Communist party chief Wladyslaw Gomulka and Josef Cyrankiewicz arrived by plane today for talks with President Tito.

The Yugoslav President and his top aides met the Polish delegation at Belgrade's flag-bedecked airport.

Accompanying the top Polish leaders were former Communist party boss Edward Ochab, Foreign Minister Adam Rapacki and a group of foreign affairs experts. The Belgrade meeting—the first between Gomulka and Tito in more than 10 years—is aimed at strengthening ties between the two independently inclined Communist countries.

The talks were expected to range over the international scene, with special emphasis on relations inside the Communist bloc.

Yugoslav observers did not think a formal treaty of mutual assistance would result from the sessions, but moves toward closer economic and political cooperation were expected. It also was believed possible some kind of friendship treaty might be forthcoming.

Season's Third Storm Creeps Over Ocean Closer to Land Areas

MIAMI, Fla. — The season's third hurricane crept along its west-northwest course over ocean wastes today, twice as nasty with half the distance to go to the general vicinity of land areas.

An advisory from the U. S. Weather Bureau at San Juan said the storm was carrying 160-mile peak winds, and moving at 11 miles an hour.

If Carrie stayed on course—a prospect which could not be guaranteed—it would pass San Juan 300 to 400 miles to the northeast and find additional hundreds of miles of open sea in its path.

Miami, nearest U. S. mainland point to the hurricane, is about 1,000 miles west-northwest of San Juan.

Tropical storm Debbie, which formed in the Gulf of Mexico after Carrie was discovered, blew northward over Georgia and the Carolinas after pounding Florida with heavy rain and 35-45 mile winds Sunday.

New Singing Star Plans His Career

By BOB THOMAS

HOLLYWOOD — "I'm not the handsomest guy in the world. There are lots of others who can sing better and act better. That's why it's best for me to plan my career as carefully as I can."

This is the modest statement of jut-jawed, eager Tommy Sands, 20-year-old singing sensation. He's a bundle of ambition, and no wonder—he was a flop for nine whole years.

"Ever since I was 11, I wanted to get ahead in show business," he said. Tommy's luck started to change one night when he was singing in a Houston dance hall. "Colonel" Tom Parker, who was then managing Eddy Arnold, heard the lad sing and figured him as a comer. The colonel started managing another singer named Presley, but he remembered Tommy and tossed him an occasional job.

Last January, Presley was sought for an hour-long TV drama, "The Singing Idol." He was tied up in a picture, so Parker suggested Tommy Sands.

Tommy was a sensation. Whammo, everything started happening to him! He was signed by Capitol Records. His first record, "Teenage Crush," sold more than a million copies. He made guest appearances on a dozen TV shows. He drew screaming mobs at the Roxy Theater in New York.

He was signed to a contract by the 20th Century-Fox and now he's starring in a film version of "The Singing Idol."

Enough to make a 20-year-old's head swim! But Tommy views the whole thing sanely.

"I haven't had as much success as it appears," he remarked. "My first record sold over a million, but the next one went only 300,000."

I mentioned that was a respectable total, but he reasoned: "But Elvis had 18 million-sellers in a row. So did Eddie Fisher."

"Frankly, I think I'd rather do it my way, spread my hits out. The ones who have one hit after another face a big problem: what happens when they stop having million-sellers every time?"

With such reasoning, Tommy may still be around while the other singing idols are but a memory.

Keep Fighting Forest Fires In California

SAN FRANCISCO — Some 6,500 men continued today to fight 75 forest, brush and grass fires in tinder dry California.

National Forest Service and State Forestry Division crews, aided by honor farm convicts and volunteers, moved in with bulldozers to clear fire breaks.

They also dumped chemical solutions from tanker planes and patrolled with tank and pump trucks.

Most of the blazes were on rough range or watershed country on which rain has not fallen since May. Sudden, shifting winds in the mountainous country complicated the task.

The National Forest Service had some 5,500 men at work and the State Division of Forestry another 1,000.

Ernest Baxter, National Forest Service fire dispatcher here, gave this report for federally controlled lands:

Los Padres National Forest: two fires, burning over 25,000 acres in southeastern San Luis Obispo County, merged late yesterday, but 1,500 men along Wilcox Canyon and Alamo Creek hoped soon to get the Western part under control. No buildings have been destroyed.

Angels National Forest: The 5,000-acre fire on Mt. Gleason, north of Los Angeles, is near control.

A 500-acre blaze four miles north of Azusa was confined in the same preserve with the help of 100 Zuni Indians from New Mexico, including Smoke Jumpers.

Wet Weather Hits Wide Areas in East

By THE ASSOCIATED PRESS

More wet weather hit wide areas in the eastern half of the nation today but generally clear skies prevailed west of the Rockies.

The Southeast got the heaviest rainfall and the wide wet belt spread northward into parts of the Ohio Valley and the eastern Great Lakes region. Amounts from the east Gulf Coast northward through the lower Lakes area were mostly light.

More than 2 inches of rain fell during the night in thunderstorms in Savannah, Ga.

West of the Mississippi River showers were confined to the Southwest, the upper Mississippi Valley and the central Plains.

Two Men Scheduled To Complete First Run of Rio Grande

TAOS, N.M. — Two Phoenix, Ariz., river runners were scheduled to emerge from the Rio Grande gorge, where six of their predecessors died, late today.

Although an airplane failed to spot them yesterday, there was no immediate concern for the safety of Jim Lindsey, 32, and Lou Bettis, 29. They entered the gorge Sunday morning.

The 60-mile trip through the rough rapids was planned to end at the Taos Junction bridge in the gorge, about 20 miles northwest of here.

So far as is known, the upper Rio Grande has never been successfully run, although six men have died trying. The two men are making the try on an invertebrate and plywood plank raft.

YOUR EYES AND VISUAL FUNCTIONS (THE COLLEGE STUDENT)

So you are about to enter college or university? In your preparation for the year of school work ahead have you given thought to your eyes and vision and the part they will play in determining what you will be able to learn?

Do you know that many outstanding authorities say that our ability to learn—and to earn—is more dependent upon your eyes and visual functions than any other factor. Have you read or heard that many of these authorities estimate that fully 80% of what the average person learns and knows is learned by seeing and reading?

Do you know that one of the most complicated skills a person learns is the ability to read? Do you know, too, that many, many people are poor readers and that this is true of college students as well as those in other segments of society?

The Missouri Optometric Association asks that you give thought to your eyes and vision in relation to the work you will be doing. School work is eye work. Good and efficient vision is necessary to achieve and to accomplish what you are undertaking.

What has been said above about achievement and ability in relation to good sight will be true in large measure thru all the years of your life. There are many people who really value their eyes and their vision and take the necessary steps year after year to develop, protect and conserve this most precious endowment. For the most part, however, eyes and vision are taken for granted until poor visual acuity or discomfort forces the individual to seek relief. For many this is too late—much too late.

Easiest Cookies You Ever Baked!

Holsum Coconut Toasties
ready to serve in 10 minutes!

Next time the girls drop in for tea or coffee, treat them to these fast-to-fix, never-fail cookies suggested by Betty Baker, Home Economist for American Research Kitchen. Patton Draws Most of Crowd At Tourney

BROOKLINE, Mass. (P)—Two romances are burgeoning in the day-old 57th National Amateur Golf Championship—the gallery loves Billy Joe Patton and Billy Joe loves The Country Club.

The result could add up to a championship for the remarkable 35-year-old North Carolinian who has been appearing in this tournament off and on since 1939 and never has survived to the late rounds.

Patton, partly on the strength of his great comeback to beat British champion Reid Jack in the recent Walker Cup matches, drew the bulk of the first day crowd as he scrambled to a 4 and 2 victory over Bobby Knowles. Bobby, a player who should know The Country Club course better than almost anyone, was almost brought up on the course, although he now lists Aiken, S. C., as his home.

It was a typical Patton triumph. Billy Joe belted shots into the rough, over the greens and almost everywhere. He made some remarkable recoveries and left Knowles mumbling.

Billy Joe's opening victory, one of many that went according to form on the first day, apparently is leading toward an inevitable return match with Jack in a couple of days. Jack, a sandy-haired Scot, conquered Harry Haverstick of Lancaster, Pa., 2 and 1. They're both in the lower section of the third quarter of the draw.

All the American Walker Cuppers who played came through and so did the former champions, from 67-year-old Chick Evans, who won his first title in 1916, to Ted Bishop, the 1946 champ.

Will Hold Meeting For All Duck Hunters

A meeting of important interest to duck hunters, as well as to other sportsmen will be held at the courthouse in the assembly room, at 7 o'clock Wednesday night. The meeting is being sponsored by the Central Missouri Chapter of Ducks Unlimited.

The organization, founded several years ago, for the sportsmen in protection of the ducks' breeding areas in Canada, is forming a chapter in Pettis County.

Motion pictures on ducks and duck hunting will be shown in connection with several interesting talks.

All Sportsmen are invited to attend this gathering.

Johnson, Bethea Meet Tonight in 10-Rounder For Chance at Title

PHILADELPHIA (P)—Harold Johnson and Wayne Bethea clash tonight in a 10-round bout that could put a decisive winner into talking position for a meeting with heavyweight champion Floyd Patterson.

Johnson, still on the comeback trail after his "bitter orange" incident in May, 1955, already has regained his position as the No. 1 challenger for Archie Moore's light heavyweight crown.

But Johnson said recently that he was more interested in meeting Patterson. His last effort was a first round knockout of Clarence Hinant May 31 at St. Nicholas Arena in New York.

The bout will be Johnson's first in Philadelphia since he collapsed in a fight with Julio Mederos before a national TV audience in the "bitter orange" incident. Johnson said after the fight he apparently had been drugged. He implied the drugging had been done through the orange, which he ate shortly before entering the ring. He subsequently was suspended for six months.

Race Issue In Louisiana Boxing Erupts

DENVER (P)—The issue of Negro versus white in Louisiana boxing rings erupted as expected yesterday at the opening sessions of the 38th annual National Boxing Assn. convention here.

The NBA withdrew its proposed amendment to suspend Louisiana because of a law prohibiting mixed fights when it was assured "efforts would be made to seek repeal of the law." Abe Green, Patterson, N. J., NBA commissioner, said.

NBA President Floyd Stevens of Detroit said he has received letters from the Louisiana attorney general's office and the Louisiana State Boxing Commission that repeal efforts will be made during the 1958 legislative session.

Stevens also said that Emile Bruneau, secretary of the Louisiana commission, told a three-member subcommittee of the NBA Bylaws and Legislative Committee that a bill to repeal the law would be introduced by a legislator in the 1958 session, but did not name him.

At Baton Rouge, Louisiana Atty. Gen. Jack Gremlion said he "had no idea" what communication Stevens was talking about "because I don't even know the man—and I don't care to know him."

"If he has any letter from any of my assistants, I hereby revoke it as unauthorized and illegal," Gremlion added.

He said enforcement of the law banning competition between Negroes and whites was the duty of the district attorneys and that it was up to the Legislature, which passed the law, to repeal it.

Stevens was not immediately available for comment on Gremlion's statement.

Miteff Is Expected To Try Fast Knockout Of Chicagoan Tonight

DENVER (P)—Swift punching Alex Miteff, rising heavyweight star from Argentina, is expected to fire early and often tonight in a bid for a quick knockout of Johnny Holman, Chicago veteran.

The undefeated 22-year-old husky from Buenos Aires meets the 30-year-old Negro in a scheduled 10 rounder before a Denver Coliseum crowd that will include leaders in the National Boxing Assn., holding its 38th annual convention here.

Miteff's handlers admit they'd like him to impress the NBA notables with a fast kayo that would boost Miteff's ranking several notches above his present No. 8 rating among contenders for Floyd Patterson's heavyweight championship. Holman is unranked.

Miteff is aiming for his 12th straight pro victory. Holman has won 31, lost 15 and drew 1.

GROWING PAINS—Ralph Johnson, football coach of Speedway High, Indianapolis, doesn't know what to do with 14-year-old Roger Heiser's brogans. A freshman tackle, Heiser has to use tennis shoes because the school has to order size 14 cleats for him. When he was 12, he wore size 12. When 13, he wore size 13. Johnson is afraid of what Heiser's growth will mean to equipment bills in the future.

Daily Record

Police Reports

A report was given the police Monday morning that during the past several days gasoline had been stolen from cars on the Hunt's Used Car Lot.

A car in the 700 block on West Main was damaged by vandals sometime Sunday night.

A left rear window was broken, the rear view glass cracked, tail lights broken and dents made all over the body of a 1957 Buick sedan. More than \$250 damage resulted.

The car was at the Kinder's body shop for repairs. The car had been parked in a shed at the rear of the building, being held for an insurance adjuster to check it over for previous damages which occurred in an accident.

Police Court

Claude Lambirth, 1000 North North Grand, forfeited a \$2 cash bond for parking in a no parking zone in the 100 block on North Osage.

Harrel Lee Nicholson, Route 1, LaMonte, charged with excessive speed from Pettis to the city limits on Osage, forfeited a \$10 cash bond.

Sedalia Ice & Cold Storage Co., forfeited a \$2 cash bond for parking on the wrong side of the street in the 300 block on West Main.

Earl E. Freie, 1518 West 18th, charged with parking in a loading zone in the 200 block on East Third, forfeited a \$2 cash bond.

Eleven overtime parkers failed to appear in police court and their \$1 cash bonds were ordered forfeited and 40 others paid the 25 cent fee.

Delbert L. Brown, 27, 312 South

Ohio, charged with disturbing the peace of Mrs. Nellie A. Larimore, 1001 South Grand, case set for Sept. 14. Brown released on a \$50 bond signed by Mrs. Shirley Ann Brown.

A-2c James W. Jackson, Whiteman AFB, charged with making a U turn in the 100 block on East Main and improperly parked, failed to appear in police court and his cash bond of \$15 was ordered forfeited.

Alvin Johnson, 34, of 312 North Lamine, charged with being intoxicated, the case was continued to Sept. 14. He is out on a \$50 signed bond, signed by Elizabeth Johnson, 312 North Lamine.

S/Sgt. David R. Pratt, 31, of Whiteman AFB, arrested in the 2000 block East Broadway by Trooper Robert Stockell, was charged with careless and reckless driving while drinking and appeared before Judge Willard Morris.

Pratt failed to appear in court and his \$75 cash bond was forfeited.

A-1c Ivan D. Hopkins, Whiteman AFB, charged with careless and reckless driving at Second and Ohio, failed to appear in court and his cash bond of \$25 was ordered forfeited.

Magistrate Court

Gary Waldo Marks, Lebanon, was fined \$25 and costs on a charge of passing on a hill. Marks pleaded guilty.

Herman Overmier, Sedalia, was fined \$25 and costs on a charge of passing on a hill. Overmier pleaded guilty.

Parents Concerned About Daughter Aren't 'Snoopy'

Someday's darling daughter, try their hardest to help and guide age 15, thinks her parents don't trust her because they want to know where and with whom she goes out.

In her letter she says, "Most of the girls don't have such snoopy parents."

Snoopy is hardly a just word for parents who are concerned enough to want to keep track of where she is and who her friends are.

Loving would be a kinder and fairer word. Sometimes a teenager thinks that parents who let their children go and come as they please love and trust their children more than do stricter parents.

The reverse is true, of course. It's easy to turn a teenager loose, to feel no responsibility for what she does or what happens to her.

It is much more difficult to try and guide a teen-ager through the difficult stage of growing up. Only parents who love their children

So don't, Miss 15, make any mistake about the reason for your parents' concern for your welfare and safety. They aren't being strict for their own enjoyment. They are only doing for you the things that you will thank them for when you are just a few years older.

If they loved you less they might take the easy course of letting you do as you please and taking the consequences of any mistakes you might make.

Instead, they are trying to make the road from childhood to adulthood less hazardous for you to travel.

ON STAR LADDER—Wistful-eyed, seven-year-old Jon Provost is seen by Hollywood observers as a fast-moving TV star. A veteran of 12 motion picture bit roles, he is in "Lassie" telefilms to be seen this fall, and by mid-season he will replace "aging" Tommy Rettig, 16, as Lassie's playmate-owner.

The Panama Canal was completed in 1914 under the direction of Maj. Gen. (then Colonel) George Washington Goethals.

'Life of College Dean'

Dean of Stephens College Is Speaker at BPWC Meet

Miss Martha H. Biehle, dean of Stephens College, Columbia, was the speaker at the dinner meeting Thursday evening of the Business and Professional Women's Club and gave a delightful peek into the life of a college dean in her talk on the subject "A Dean's Job."

The subject was chosen by Miss Biehle when she found she was the speaker for the career advancement program, of which Miss Erma Fajen was committee chairman.

Of the three words, career, occupation and vocation, Miss Biehle said she liked the last one. A vocation, she explained, is a calling and we often feel that the only people who have callings are ministers. The speaker feels that anyone, however, may be called to a task. She liked that idea, she said, better than being occupied.

The word career, she stated was first used as a ring or course, a course for horse racing. Today it also means preparation for life's work. There are many reasons why people enter a career, but the idea of a vocation is to be able to feel it has significance, a calling to do the best we can in any field, since people are called to serve God in other work as well as the ministry.

When choosing a career, the speaker said, you must determine what you want to work with—things, people or ideas. She went on to say she liked to work with people, and she explained that she has 1500 people to work with. They are girls 17, 18 and 19 years old and come from all parts of the country with all kinds of dreams.

In the life of a dean, she said, there is never a dull moment. It is not just an administrative job, although, of course, there are problems and many details of administration. It is an educational enterprise, because all of these girls are live characters and it is interesting to watch how life is developing on the campus.

To be a human being is no easy task, Miss Biehle said. Young girls think that when they get a degree or a "Mrs." before their names their problems are all over. They must gain understanding to be a human being.

A dean also has a public relations job to do, she said, and dealing with people must be tolerant. There must be counseling. They must have somebody in which to confide. Stephens has a counseling staff, and it is a very large staff.

One day when one of the counselors was telling what a large staff they had, someone asked: "You have all those problems, that you must have all those counselors?" To which the counselor replied "We do something about our problems."

There is a great deal of mental illness in our country today, Miss Biehle said, and part of it is due to pressure. We have lost some of the ancient virtues through too much wealth and too many gadgets. Delinquency is developing more every year. Something is wrong with our way of life. Today, she said, we need more educators. There is a terribly important need for education. People must learn to see significant things around them. We must learn to live with our neighbors. To help push or pull young people

to reach great things in life is the reward of the educator and the dean.

A dean has to like people, be practically shockproof, and able to make people feel they can be accepted. Love people as they are and see that the seeds for what they are fitted grow. Learn to listen, because if you are going to change life you must listen. Teachers must always be learning; if not, said Miss Biehle, they will teach very little. Teachers must have a great zest for life.

We not only see other people, she pointed out, but they see us, and it is well to ask the question "What kind of a person am I?" Character shows in the face, the eyes and they can look at us and know something about us. Another question, she said, is, What kind of values to young people do you help encourage? Anyone concerned about human beings has some relation to God, she said and concluded, a teacher should maintain a rich life of her own.

The musical part of the program was presented by two teenage sisters who have become popular entertainers in Sedalia appearing on many programs. They are Carolyn Nave, violinist, and Donna Nave, pianist, who played several selections.

The meeting was presided over by Miss Doris Stott, president, and invocation was by Mrs. Edith DeMott. Mrs. Eugenia Hayworth led the group singing.

Mrs. Frank Wagner, who attended the district conference in Denver, Colo., told of the highlights of the conference and of talks given by two members of the Sedalia Club, Miss Hazel Palmer, national president, and Miss Rose Liebrand, executive director for the national headquarters. Miss Palmer urged attendance at the dedication of the new BPWC building in Washington, D. C. on Sept. 22, Mrs. Wagner said.

Two new members were presented, Mrs. Leo C. Eickhoff and Mrs. Genevieve Watson.

Guests introduced were Shirley Shoe, guest of Joy Shoemaker, Millie Remer, guest of Wain Brosing, Sandra Clough, guest of Jean Silverman; Lovina Magness, guest of Opal O'Brian; Ellen Murphy, Emma Henry, Jean May, Mae Berry, and Marie Fritz.

Two airmen for the month of July, A-2e Arthur C. Thornburgh and A-3c Charles P. Holton, were presented certificates of merit. A very nice talk was made also by Sgt. James H. Moon, special services, from Whiteman Air Force Base.

An arrangement of flowers was on the speaker's table and garden flowers decorated the center of the other tables. The clever cover of pastel colors contained the program, the song sheet and the club paper. Members of Miss Fajen's committee were: Mrs. Florence Thomas, Mrs. E. F. Yancey, Miss Mildred Brackman, Miss Emilie Brunjes, Mrs. Marjorie Ehlers, Miss Eva Evans, Miss Margaret Grady, Mrs. Dorothy Huddleston, Miss Pearl Rose, Mrs. Cleo Schumacher, Mrs. Marjorie Taylor, Mrs. Mildred Bohling, Mrs. Joy Shoemaker, and Mrs. Judy Harrell. Hostesses for the evening were Mrs. Dorothy Huddleston and Miss Helen Giokaris.

DILLINGER'S BLACK BEAUTY?—Raymond Colley points to one of the patched bullet holes which showed up on this '29 Franklin after he took the car to a Columbus, O., garage to have it made "just like it once was." Mechanics started scraping black paint and found several leaden up places which they say are repaired bullet holes. Then someone remembered that the late John Dillinger drove a '29 Franklin just like this one, and, in fact, ditched a Franklin not too far from Columbus, after his men killed a sheriff in Lima, O. Colley says he bought the car from a local doctor 20 years ago. If it wasn't Dillinger's, maybe somebody else got shot up.

Maine Drops Early Voting, Joins Others

PORTLAND, Maine (AP)—Maine has abandoned its first in the nation September election date to join the 47 states that ballot in November.

The decision ending a tradition 137 years old was taken in a special referendum election yesterday.

About a fifth of the half million registered voters participated.

The change will be effective in 1958.

And starting in 1960, Maine governors will serve four year terms with a limit of two elected terms. Now the term is two years and there is no limitation. No governor, however, has served more than two terms.

The constitutional amendments were among five referendum issues approved in the special election.

Another amendment permits pledging of the state's credit to guarantee mortgages on new industrial plants.

Two bond issues were ratified.

One is for 24 million dollars to start paying Maine's share in the 1956 federal interstate highway program. The other raises 2½ millions for state owned ferries serving four Penobscot Bay islands.

Gov. Edmund S. Muskie (D), who campaigned in favor of all five issues, said he was delighted. With only 11 small precincts missing out of the state's 630, the unofficial tally was:

Shifting the election—63,671 yes and 36,029 no.

Four year term — 60,082 and 41,144.

Industrial loans — 66,215 and 30,641.

Highway bonds — 73,788 and 24,772.

Ferry bonds — 67,929 and 30,401.

Longwood Club Gives \$15 to United Fund

The lesson on public affairs and farm family living outlook was presented to the Longwood Extension Club by Mrs. Paul Stephens. Mrs. Carl Raines gave a report on banking with confidence.

The club voted to give \$15 to the United Fund Drive. Mrs. Bruce Claycomb talked on juvenile delinquency and state patrol activities.

It was announced that the garden tour would be Sept. 13. Mrs. John Greer and Mrs. Bruce Claycomb assisted Mrs. Joe Jenkins in installing the new officers.

Mrs. Tom Raines was hostess to the 20 members and one guest, Minnie Scott of Nelson.

Mrs. Faris Zimmerman will entertain the club Oct. 1.

Police Drop Search When Hand Is Found To Be a Bear's Paw

DETROIT (AP)—No longer are police poking through garbage cans in search of a dismembered body.

The three-day search in suburban Lincoln Park ended yesterday when officers decided there was no body to go with the hand Joseph Barta, 17, deposited in a garbage can.

Another teen-ager found the hand and police turned it over to Dr. Robert Silley, Wayne County medical examiner. He said

it looked like a hand, but couldn't say if it was human.

The search began. Finally, Barta's mother called police to say she heard of the search over the radio and that her son had thrown away a skinned bear's paw she told him to get rid of.

The youth got the paw from a taxidermist. Police confirmed a

bear paw looks like a human hand when skinned.

FUL-O-PEP PIG STARTER PELLETS REALLY START PIGS FAST!

Grow pigs weighing up to 50 lbs. in 8 weeks!

Pigs fed Ful-O-Pep at the Research Farm averaged weighing up to 50 lbs. or more at 8 weeks of age! As a result, many were marketed in 5 months—a full month or two earlier than most pigs. What's more, early gains are low cost gains, too. So, this year, get your pigs off to a fast start and hit the early market. Feed 'em sugar-filled Ful-O-Pep Pig Starter.

They're sugar sweet and extra nutritious!

Baby pigs have a sweet tooth! And sugar-filled Ful-O-Pep Pig Starter Pellets taste like sugar candy to your baby pigs. That's why pigs start eating Ful-O-Pep within seven days. And remember... every bite contains the vitamins and nutrients needed to grow your little porkers big and healthy and curly-tailed!

Switch to Ful-O-Pep Pig Grower for fast, continuous growth!

Start your pigs on Ful-O-Pep Pig Starter. At six weeks of age, switch to the high efficiency yet lower-cost formula, to new Ful-O-Pep Pig Grower. Tests show that it only takes 2 lbs. of new Ful-O-Pep Pig Grower to produce 1 lb. of gain! It's the new, low cost way to grow pigs from 6 weeks to 60 lbs.
